TOP 5 POPULAR FEATURES

These mechanics were most frequently integrated by developers this month:

MOST POPULAR LAYOUTS

Remains the dominant format.

Popular for fast sessions and classic mechanics.

Formats for expanded mechanics and Megaways-like games.

INNOVATION OF THE MONTH

Bumba Meu Boi Coin (Wazdan)

Achieved a record innovation score. Wazdan continues to lead by customizing the player journey, combining their unique Volatility Levels™ with complex coin collection systems.

Lucky Ferret (Onlyplay)

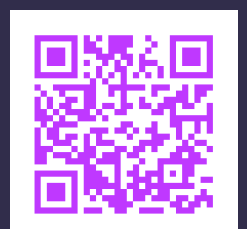

Earned high marks for its masterful fusion of Cluster Pays mechanics within an unconventional 6x5 grid.

Duck Hunters: Happy Hour (Nolimit City)

Continues the brand's streak of high-tier innovation, driven by sophisticated mathematical modeling and signature X-mechanics.
